

MADE IN FINLAND

GRANDEZZA
DESIGNED TO IMPRESS

27 OC

The Grandezza 27 OC has an eye-catching design. She is designed to work well for practical boating on your own as well as being great entertaining space with friends. Impressive performance, ergonomic helm and excellent driving response turn this beauty into real masterpiece. The cockpit is open and inviting with exceptionally high standing head room and ample seating for several people. The galley is well-equipped including a handy worktop extension and generous storage facilities. The cabin is tailored for resting and sleeping. Materials and colours are chosen with care, opening portholes and a deck hatch makes the interior bright and pleasant.
